To whom it may concern:

This will serve as a letter of reference for Stevens Construction Company, Inc. It is with great confidence that I recommend the services of Stevens Construction. We have worked together on various construction projects for well over ten years, both on new construction and renovation work, trusting that the results would match our expectations. We have not been disappointed. Stevens Construction has always performed with attention to detail anticipating areas of close coordination between trades, and completing the projects in a timely manner.

Stevens Construction has always been fair and honest building a reputation of integrity. Based on our experience, we can assure our clients that they can expect the same high quality results from a firm that stands behind their work.

Please free to contact me should you have further questions.

Sincerely,

  
Thomas F. Schifer  
Architect/Partner
